The Uveneer template system is a unique, minimally invasive template system that creates beautiful direct composite veneers with predictable shape and symmetry. It mimics natural dentition and is designed to create high-quality, natural-looking anterior restorations in one visit. It can also be used for cosmetic mock-ups and shade selection as well as temporaries during porcelain veneer creation.

Simple and Versatile

Work Smarter and Faster with Predictable Results

Available exclusively from Ultradent
• Creates predictable, reproducible, natural-looking composite restorations
• Prevents the oxygen inhibition layer during curing, resulting in a hard, glossy surface
• Allows light to pass through the template to the composite for effective curing
• Works with any preferred composite

What doctors are saying:

“Terrific tool to quickly and easily create beautiful anterior restorations.”
-Dr. Gary M. Radz, DDS

“Uveneer makes the practice of the anterior esthetic dentistry easier, faster, and better.”
-Dr. George Freedman, DDS

“The simplicity of Uveneer is absolutely remarkable. Why didn’t I think of this?”
-Dr. John C. Cornisi, DDS, MAGD

“In a single day I was able to do 11 mock-up veneers that were not part of the original schedule, resulting in several new cases being accepted. I wouldn’t want to work without them now.”
-Dr. Chad Wagener, DDS

UVKV3  Uveneer Kit
16 x Medium upper and lower arch templates
16 x Large upper and lower arch templates

Medium and large templates provide 2 central incisors, 2 lateral incisors, 2 canines, and 2 premolar templates for both the upper and lower arches.
